Heated Merchandiser GHM-C Series

The *GILES Heated Merchandiser (GHM-C)* is designed for displaying a maximum number of your menu selections while keeping them fresh and at a proper serving temperature, waiting for your customer's enjoyment.

- Independent lower and upper heat controls for each pan well. Lower Calrod® pan heaters and upper ceramic infrared heaters.
- All units accept 2-1/2" to 4" deep service pans (**NOT included**). Can be configured in practically an endless number of different pan layouts, using **1/4, 1/3, 1/2 or full-size** steam table pans.
- Four unit sizes designed with flexibility in mind; available with various service options to satisfy your particular situation ... full-serve, full customer self-serve, or a combination (*with 2-ft self-serve section*). Tiled inserts (*sold separately*) available for self-serve sections to present pre-packaged "grab-n-go" items.
- All stainless steel construction.
- Mirror-tinted side glass and rear sliding doors ... easy server access.
- Economical fluorescent lighting.
- Fold-down, polyethylene (HDPE) cutting board/workshelf along entire width on server-side

Design Features

Upper Infrared Ceramic Heaters ensure foods are kept at proper holding and serving temperature. Economical fluorescent lighting illuminates items for the perfect display.

Easy to use controls independently set the temperature for each pan well.

Curved European-Style Front Glass maximizes product visibility.

Pneumatic struts provide just the right amount of assistance to easily open the front glass, then hold it open for easy cleaning.

Removable mirror-tinted side glass and rear sliding doors.

Standard Features:

- Basic set of *Pan Dividers* • Adjustable legs • Folding workshelf/cutting board (server side)
- Sneeze guard (self-serve model only) • Power cord strain relief

Service pans and pan grates are not provided
