

Heated Merchandiser

GHM-LED Series

Giles GHM Hot Food Merchandisers have been redesigned with a modernized glass profile and efficient **LED lighting** to show off your menu choices in a “better light”, while keeping food fresh and at a safe serving temperature for your customer’s enjoyment.

GHM hot cases come standard with simple and reliable heat control knobs for each food well, which provide ultimate flexibility when regulating upper ceramic heating and lower Calrod® heating for a variety of foods. In addition, pneumatic opening of the front glass for easy cleaning makes the GHM extremely operator-friendly.

Giles GHM Hot Food Merchandisers offer **3, 4, 5 and 7-well models** in full-serve & self-serve options. Full-serve models may also be combined with 2-ft self-serve sections at either end.

Design Features

- Independent top and bottom heat control for each food well.
- Our innovative LED lighting system provides 2500K warm light that is bright, efficient & reliable.
- Accommodates 2-1/2” to 4” deep pans. Each food well can hold (1) full size pan + (1) 1/3 size pan.
- Full-serve & self-serve configurations or a combination of both.
- All stainless steel construction.
- Mirror-fint side glass & rear sliding doors for an elegant appearance.
- Fold-down cutting board / work surface.
- Manufactured and assembled in the USA.

Standard Items Provided *Note: Service pans & pan grates not provided

Pan Dividers / Supports	The appropriate number of pan supports will be provided based on the GHM model that is ordered.
Adjustable Legs	4” adjustable legs are provided as an option.
Cutting Board	Folding cutting board / work surface made from NSF grade, durable HDPE plastic.
