Xpress-peditor Landing Table System Model LT-4

The **Xpress-peditor LT-4 Landing Table System** is a versatile, multi-functional kitchen support asset that fulfills many needs in a busy food service kitchen setting.

- Portable Dumping Station ... easily deliver product directly from fryers into serving pans ... the funnel concept reduces possibility of spillage & waste.
- Use as a **First In-First Out** rotation system for your products at point-of-sale ... ensure oldest items are consumed first.
- Place a sheet pan on top of cart to create an extra work surface ... put a cutting board in the pan to use for food prep work ... drippings & scraps are contained in the pan for easy disposal.
- Place sheet pans in the lower racks to provide capacity for transporting service pans, or soiled pans & utensils. The rack panels have hooks for hanging utensils within easy to reach storage.
- Can eliminate need for additional "task-specific" kitchen assets ... saves space.
- Swivel casters provide easy 4-way maneuverability ... locking wheel brakes create a stable work table.
- Durable stainless steel construction ... racks & funnel are easily disassembled without tools for clean-up.

Design Features

Place pan inside or beneath funnel ... dump cooked product directly into service pan; eliminate spillage.

F-I-F-O Rotation
Place pan of fresh product under funnel; transport to point-of-sale; dump older unsold product through funnel onto fresh, then place new pan for serving. Older product will be "first out"

Put 18x26 sheet pan on top; use as a utility cart or extra counter space; add a 15x20 cutting board & use as a food prep table. Drippings & scrap will be contained in the pan, making clean-up quick and easy.

Use lower racks to transport fresh items to point-of-sale & to return soiled items to the kitchen.
