

SA8000 Policy Statement

9/17/2024

Giles Food Service Equipment has chosen to comply with the SA8000 International Standard and all requirements of the standard in conjunction with the national & provincial laws and all other requirements of the food safety programs that the company subscribes to.

Giles Food Service Equipment has developed policies and procedures that implement the standard in a way that all staff can understand and maintain.

Records are kept in the QA department and demonstrate conformance and are reviewed as required for any changes necessary.
